Lavish outdoors

In Bahía de la Plata you can find privacy and seclusion. The luscious tropical gardens border the beach and the promenade brings Estepona within few minutes reach by foot.

The access to the privileged urbanization is controlled at all times by a security booth. The illuminated exterior pools and the children's pool together with leisure areas where you can find a heated pool, covered paddle courts with glass walls and indoor space for social activities make the apartments an ideal solution for first residence as well as to enjoy a second residence with unique landscape.

The New Golden Mile

Rarely can you find a newly built frontline promotion between the internationally known Puerto Banus in Marbella and Estepona - This is the New Golden Mile.

Bahía de la Plata is located on first line beach. Next to the exclusive Hotel Kempinski and surrounded by luxury resorts. The many golf courses in the very proximity and all the services the area offers make this project a magnificent and unbeatable buying or investment opportunity.
